
Section I: Identification of Substance/Preparation & Manufacturer

PRODUCT NAME: GoodAire® Revitalising Concentrate
PRODUCT CODE: Aquila™ OEM
MANUFACTURER: Verdant EcoLogic Private Limited
Penthouse Level, Suntec Tower Three, 8 Temasek Blvd Singapore 038988
Emergency Tel No: +65 6445 4424 Emergency Contact: Mr. Yeo

Section II: Composition / Information on Ingredients

DEFINITION: Botanical origin derived from plant extracts, essential oils and fragrances.

Section III: Physical and Chemical Characteristics

COLOR: Golden Brown
APPEARANCE: Mobile Liquid
ACIDITY/ALKALINITY (pH): pH 6.7 (Undiluted) and pH 7.1 (1:20 dilution with water)
SOLUBILITY IN WATER: Soluble
SPECIFIC GRAVITY @ 20°C: 1.018 grams per milliliter
FLASH-POINT: > 100°C

Section IV: Fire and Explosion Hazard Data

FIRE FIGHTING MEASURES: Combustible but presents no particular hazard.
EXTINGUISHING MEDIA: CO₂, foam, dry chemical or skilled use of water spray.
SPECIAL EXPOSURE HAZARD: None.

Section V: First Aid Measures

INHALATION: Remove from exposure site to fresh air.
EYE CONTACT: Rinse immediately with plenty of water for 10 minutes.
INGESTION: Drink plenty of water. Do not induce vomiting.
SKIN CONTACT: No hazard. Rinse with water if desired.

Section V: Reactivity Data

STABILITY: Stable
REACTIVITY: It presents no significant reactivity hazards, by itself or in contact with water.
DECOMPOSITION: No hazardous products found upon decomposition. Hazardous polymerization will not occur.
INCOMPATIBILITY: Avoid contact with strong oxidizing agents such as strong acids.

Section VI: Spill or Leak Procedures

PROCEDURE: Small spills may be hosed off with water into drainage systems to prevent accidents on slippery surfaces. For larger spills, it is recommended to absorb the solution with vermiculite or other suitable material, and removed to an approved disposal container. Residual surfaces should be

hosed off with plenty of water. All disposals should be in accordance with local laws and regulations.

Section VII: Exposure Control and Personal Protection

- RESPIRATORY PROTECTION:** Avoid prolonged breathing of undiluted product vapor. Apply local ventilation where possible.
- VENTILATION:** Ensure good ventilation of working area.
- HAND PROTECTION:** For prolonged contact, use gloves to minimize degreasing / drying of hands.
- EYE PROTECTION:** Use of safety glasses is recommended when solution is applied by spraying.

Section VIII: Handling and Storage

- PRECAUTIONS IN HANDLING:** Apply good manufacturing practice and industrial hygiene practices, ensuring proper ventilation. Observe good personal hygiene, and do not eat, drink or smoke whilst handling.
- STORAGE CONDITIONS:** Store in tightly closed original container, in a cool, dry & ventilated area away from heat sources & protected from light. Keep air contact to a minimum.

The data provided in this material safety data sheet is meant to represent typical data/analysis for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.
